

➤ **Ingeteam**

Over 900 MWp in installations equipped with **Ingecon®Sun inverters**

Ingeteam, have extensive experience in the design and supply of grid-connected inverters for power ratings ranging from 100 to 500 kW, for large-scale PV farms

Ingeteam Energy, S.A. growth in sales revenues
(thousands of euros)

Ingeteam boasts a long, proven track record in the industrial and energy sectors, which stretches back to 1972, clearly demonstrating the company's ongoing policy of technological development. In the nineties, Ingeteam became more involved in the development of electrical and control systems specific to the renewable energies sector; this was initially directed at the wind power and hydroelectric sectors and then, from 2001 onwards, company broadening its scope to encompass the PV solar energy sector as well.

Since 2001, Ingeteam supplied 36,000 inverters, of which 23,300 are single phase and 12,700 are three phase, accounting for a total accumulated power of more than 760 MW and confirming **Ingeteam as one of the world's leading companies in the PV sector.**
